Appliance repair:

Name: Arc Appliance Repair, Christopher Word

Phone: (804) 318-1646)

Webpage: arcappliancerepair.com

Comments: Located in Chesterfield, Va but comes to Westmoreland Cty fairly frequently. I called on Friday, and the fellow - the owner, no less - was here today. He was a nice young man, retired Marine (although he didn't look old enough), and while he gave me bad news about the dryer, he even suggested a work around that might work. He was honest and straightforward.

Name: Major Appliance Solutions, Village, VA – Mike Lucas

Phone: (540) 841-5651

Comments: Lives in GH-CP community

When our Washer began to leak water I...called Mike Lucas who lives in our community as the directory points out. Mike answered when I called and arranged to stop by later that day. He very much knew what he was doing, ordered the necessary part from our house, came by once the part arrived, and installed it and reassembled the washer. He was neat and very helpful.

Awnings/Gutter service

Name: Allison's Ace Hardware
Phone: (804) 529-7578
Address: 3010 Northumberland Hwy, Lottsburg, VA 22511
Comments: #1. We're having a 12' X 10' retractable awning put over our deck – sunbrella fabric. Getting the job done by Allison's Ace Hardware in Lottsburg. I had no idea they handled awnings till I talked to (neighbors), who had their done by Ace. Highly recommend them – best quality, great folks to deal with, AND they're local if something messes up. #2 Had trouble with older, poorly installed, undersized gutters. Allison advised regarding problem and removed and replaced with larger size gutters and downspouts, including leaf guard. The job was done well and for a reasonable price.

Carpentry:

Name: David J.Riley
Phone: [804-761-4422](tel:804-761-4422)

Comments: Insured

Name: Robert Kokoruda Phone: (804) 456-8454
Comments: (1) A nice young man called soon after the posting and came out an hour later. Lucky for us that he had had his own cabinet business before and knew about the European hinges we had. Went to N.Neck Builders, got the hinge and came back and fixed it and adjusted all the others in the house. He has built houses and he does painting. Very nice and helpful. (2) Pleased with the service and can vouch for him.

Name: Kenny Scates
Phone: [804 450 2927](tel:804-450-2927)
Comments: Kenny a fellow Glebe Harbor resident, is a carpenter extraordinaire. He's done a lot of work at our home, and I can recommend him without qualification. He generally limits his work to weekends, as he has a job during the week (I think he generally has Fridays off, though, as they work long days in the summer Mon-Thurs).

Name: Mike Donovan

Phone: (804) 761-5346

Email: mpdono@juno.com - (dated?)

Comments: We have used a local carpenter for numerous projects. He is excellent. His name is Mike Donovan. We are extremely pleased with every project he has completed. he lives in Montross and responds quickly.

Contractors/Remodeling

Name: Timis Construction

Owner: Gabe Timis

Web Page: <https://timisconstruction.com/>

Comments: Although not having hired Gabe, I have watched him build several homes in Cabin Point. His attention to detail is impressive. One of the few builders who construct homes with crawlspaces you can move around it. Also available for remodeling & additions.

Decks & construction:

Name: Wayne Thomas, trading as Thomas Construction, Farnham, VA

Phone: (703) 987-0610

Comments: Excellent work; 20-years of experience

Name: Eagle River Construction, Lottsburg, VA

Phone: (804) 529-5700

Comments: Professional, prompt, reasonable

Name: Hat Construction

Phone: 804 450-0301

Comments: Just wanted to recommend Hat Construction for any improvements. We had a sun porch torn down, new one built, siding and a deck all done by Hat. Did an excellent job! Told us 2 months, took 3, only because we had so much rain. No cutting corners, cleaned up daily and listened to exactly what we wanted. Even when all was done, we had one small issue and they came and fixed it that day. Highly recommend!

Driveways/paving/seal coating:

Name: Ottoway Cooper (sealcoating)

Phone: [540-752-0750](tel:540-752-0750)

Email: dannyjmundy@aol.com

Repair, maintenance and installation, electrical, plumbing

Comments: strongly recommend Danny Mundy for plumbing and electrical work. He lives in Cabin Point, does a lot of local work and came highly recommended. Based on my recent experience I would use him again for any inside or outside work - Danny came within an hour of my call and did a great job on an emergency basis of finding and capping off a serious outside water leak. He had to dig down 3 feet, pump water out, cut through major tree roots, remove 30-year-old broken pipes and yard hydrant, reroute and replace pipes, install new shut off valves and install a new in-ground water hydrant. Not only was his work timely, but very professional and reasonably priced. He also cleaned up after the job and had great suggestions and advice about various plumbing and electrical matters. Just a real pleasure to meet and deal with.

Name: Ricky Phillips (Richard L. Phillips) of Callao.

Phone: 804-313-5556.

Comments: He just completed some work for us and is not only capable and competent but a very nice guy who charges a reasonable rate of \$25 hr. He is a handy-man, Jack of all trades sort of fellow and can do most anything and will give you an estimate up front. His work includes:

Carpentry - decks, steps, railings, windows, doors, etc.

Masonry - brick, block, etc

Plumbing - faucets, toilets, water heaters, etc.

Electrical - fans, lights, outlets, circuit breakers, etc.

Painting - exterior, interior, foundations

Power Wash, etc.

Comments: Carpentry (interior and exterior), Drywall (installation and repair), Painting (interior and exterior), Plumbing, Electrical switch and light installation, Landscaping

Most work is \$25 hourly - References available upon request

Hardscaping/Landscaping Contractors:

Name: Jimmy's Hardscapes, Jimmy Garcia, owner

Phone: (631) 374-2413

Comments: I had a severe rainwater drainage issues in my backyard and went through several contractors to no end. Then I found a business card at Northern Neck Building Supply in Montross and found a real gem. Creative in problem solving, enough manpower and equipment, talented and creative in design. Excellent...no complaints.

Home Healthcare

Name: Barbara Smith

Phone: at 804/238-3904

Comments: I recently had a need for a nighttime caregiver for a family member who was staying with me after suffering a stroke. After a couple of unsuccessful hires, a friend recommended Barbara Smith. Barbara proved to be a highly skilled, efficient, attentive, and dependable person with integrity and a deep sense of caring. She insisted on staying in the same room as her patient in case he woke during the night and required assistance--that is extremely professional.

I would, therefore, highly recommend Barbara Smith for anyone who needs a high level of nighttime care for a loved one. If you have any questions, I can be reached at 804/472 4223. Dee McNally

Phone: [\(301\) 356-8199](tel:3013568199) or [804-472-3236](tel:8044723236)

Comments: "I highly recommend Pierce Bros. I live in Glebe Harbor and they cut my grass and several other properties in the area. Along with cutting grass and raking leaves they are able to do many other jobs and repairs. That includes checking my property after storms for falling debris and always blow, bag and remove all remains. REASONABLE, RELIABLE. The Pierce Bros. also maintain the lawn at Salem Baptist Church on Erica Rd.

Name: GH Lawn – Greg Ball

Phone: (804) 761-1612 Comments:

Name: Walter Carey

Phone: (804) 333-9340

Comments: Very reliable and reasonable rates. Cuts and maintains lawns, blows debris away from drive and walk ways after cutting. Doesn't destroy your siding with weed trimmer.

Friendly, courteous, and efficient!

Comments: Know him well and have used him for various masonry jobs

Name: Martin Caporaletti

Phone: [703-472-9498](tel:703-472-9498)

Comments: quality work

Painting/papering:

Name: Robert (Bob) Lucy

Phone: (804) 239-7502

Comments: I would strongly recommend Bob Lucy [804-239-7502](tel:804-239-7502). Bob has repainted some of the finest house in the River Road/Windsor Farms area of Richmond and in the Northern Neck. He has done two of our houses and I can truthfully say, he is the finest painter I have ever experienced in my 73 years.

Name: Jess Clark

Phone: (804) 333-6363

Email:

Address: PO Box 335, Warsaw, VA 22572

Comments: Jess Clark who lives in the big white Victorian across from the Rappahannock Community College in Warsaw is a perfectionist and very highly regarded as a house painter. He is a true Northern Neck and a dedicated Christian and family man, so you don't have to worry having him in the house. He also has a very good eye for colors and tints. I found his advice very helpful.

Name: Robert (no last name provided)

Phone: (804) 456-8454

Comments: A nice young man called soon after the posting and came out an hour later. Lucky for us that he had had his own cabinet business before and knew about the European hinges we had. Went to N.Neck Builders, got the hinge and came back and fixed it and adjusted all the others in the house. He has built houses and he does painting. Very nice and helpful.

Comments:

Name: Michael Dishner

Phone: (703) 593-5280

Email: Dishnerpainting@aol.com

Comments: Michael recently finished painting our house and did a professional job. He has many years of experience, is thorough, reliable, and dependable.

Name: Melvin Lee

Phone: ((804) 296-7438

Email: curleylee1136@gmail.com

Comments: Professional painter Melvin Lee recently (fall 2022) did some work at our house and we were pleasantly surprised with both the reasonable price and the high quality of work that was provided. He noted that he is not open to outside work at the present due to low temps (as in 28 degrees last night), and the likely hood of paint freezing.

Email: darterwind@aol.com
Comments: I have over 20 years experience doing electrical work. I also am local, I live in cabin point, in addition I serve as GH-CP POA property manager; also known as the “pool guy.”

Name: Paul Ryan
Phone: (804) 580-3217
Comments: He recently completed making multiple connections in the Weems area. The more that he does, the cheaper the cost. He says he can typically connect 4-5 per day

Name: Troy Wilkins
Phone/Text (prefers text): (804) 761-1587
Comments: 1) ...I live in Cabin Point which is one of the last areas to be changed over to sewer. For those of you that haven't signed up with a contractor yet, I have a recommendation. Troy Wilkins [804-761-1587](tel:804-761-1587) will do a “typical” conversion for \$1000. He completed the work at my house last week and did a great job. I'd highly recommend his work; 2) Troy completed the hookup for my property in CP. His price was fair (\$1,000) and the work was completed when he said it would be. The only delay was the final plumbing inspection by the county, which is beyond Troy's control.

Name: Danny Mundy

Name: Robert Pitts, Off Duty Power Washing (now called Pitts Services and Tree Removal LLC).

Phone: (804) 314-7164 Email: rpitts066@gmail.com

Comments: Robert did another terrific job on both my cabin, deck and dock. My dock hadn't been washed in years, and now looks terrific!

Name: Richard Rose - NNK Softwash

Phone: 804-450-3303

Comments: He washed our garage/apartment and house this morning with his special rig which uses some formula of detergent and bleach, followed by a rinse. I don't have all the technical details (and really don't care since it doesn't harm plants or animals), but he does one terrific job. He did both buildings in less than 3 hours. I highly recommend him.

Sliding Glass Doors

Name: Mike Zacchini, Allison's Hardware

Address: 3010 Northumberland Hwy, Lottsburg, VA 22511

Phone: (804) 529-7578

Comments: For years our sliding glass door became more difficult to open-close almost to immobility. The glass companies and contractors we called were mystified by the overwhelming volume of slider running wheels available. Finally, we lucked into speaking with Mike Zacchini in the service department of Allison's Ace Hardware in Lottsburg, who owned a window-door business in No. VA before "retiring" in the NN. He correctly identified, acquired and installed new roller wheels for our door efficiently and economically.

Solar Panels

Name: Scott Johnson, Advanced Solar, Lexington, MD

Phone: (240) 416-4030

Email: sjohnson@advsolartech.com

Comments: My Wife and I have had a 10KW grid-tied solar system for about 4 years now, and it pays for itself (depending on the month) by providing most, if not all of the electricity usage from Northern Neck Electric. We added battery-tied backup about 2 years ago, which works like a large-scale UPS system so when the power goes out, it automatically switches to batteries. It's instantaneous and a lot of times I don't even know the power is out. (These are now called "hybrid systems, which are more expensive). Generally, I have been very happy with it. The installer we chose was Scott Johnson at Advanced Solar in Lexington Park. His cell phone # is 240-416-4030 and email is sjohnson@advsolartech.com. If he (or anyone else comes out for an estimate), you'll need to provide the bills from Northern Neck Electric so that they can properly size a system for you. Scott is an honest person and will answer phone calls and emails when you contact him. Generally speaking, a system between 7.5 – 10KW is required in this area to provide any decrease in energy bills. Prices have gone down over the past few years due to technology improvements, but expect to pay about \$20K. Payoff is about 10 years depending on the amount of energy you consume. If you plan on selling your house, there are comps that can be factored in by the real estate agent that add value to the selling price of your home.

It's important to know that there is currently a federal tax credit of 30% that expires at the end of 2019. It gets reduced by 4% each year, then goes away entirely at the beginning of 2022.

Tax Credit:

- 22% for systems placed in service after 12/31/2020 and before 01/01/2022

Expires: December 31, 2021

Another thing to keep in mind is: **VA 56-594 Net Metering**

Which states that any residential eligible customer-generator or eligible agricultural customer-generator who owns and operates, or contracts with other persons to own, operate, or both, an electrical generating facility with a capacity that exceeds 10 kilowatts shall pay to its supplier, in addition to any other charges authorized by law, a monthly standby charge. As a result, you shouldn't consider any system over 10KW.

As a retired electrical engineer, I can help answer any questions that you have, and all of my answers will be totally unbiased. Contact info for me is Ed Kirkley, 804-445-6833, ekirkley6@gmail.com.

Tree Work - Pruning and trimming trees

Name: Joe Winegardner – “Joe’s Limbin’ N Trimmin”

Phone: (540) 226-5914

Comments: 1) Insured; 2) Last week, we hired Joe Winegardner and his company, "Joe's Limbin N' Trimmin", to clear my shoreline of small trees and scrubs. He did an excellent job of cutting the trees and shrubs, stacking the trees and clippings where instructed, and cleaning up the yard of any stray limbs. When finished, he used a blower to tidy up the yard of any leaves left behind. Joe did a wonderful job, he was prompt to respond, courteous in his communication, and very reasonable with his rate. I would highly recommend Joe for any "Tree Work, Landscaping, & all of your outdoor needs." I would definitely hire Joe again should I have any landscaping needs

TV Antennas & Installation:

Name: Brad Shuff (TV antennas, installation & related services) NOTE: Also “handyman” services

Phone: (804) 456-7431

Email: bradleywshuff@gmail.com

Comments: “If you're looking for a strong signal, your only choice is to install an outdoor roof-mounted antenna. I installed one recently, and get about 33 channels pointed N-NE. You'll get DC, Baltimore, and the Tidewater area. If you have a rotor and point it West, you'll get

Richmond. I used a model HD8200XL antenna from www.xtremeSignal.com, which is rated at 70 miles. There are larger and more expensive (better) antennas up to 150 miles from www.channelmaster.com. I chose the components, and worked with Brad Shuff to get it installed. Total cost of parts depends on how much you want to spend, but I spent about \$350 (not including installation). If you're paying \$100/month for cable or satellite, the switch to over the air signals will pay for itself in a few months. Most all of the over the air channels are in HD with a beautiful picture. There's also DVRs and program guides that are available if you're interested. Contact me with any questions.

Animal Rescue/Wildlife Management (Rabies):

Type of service: Animal Rescue - Wildbunch Wildlife Rescue, Warsaw, VA Name: Diana O'Connor

Phone: [804-450-6331](tel:804-450-6331)

Comments: Rabies is endemic to Virginia and is transmissible only between mammals. Although a very serious disease, it is important to note that modern-day treatment allows for up to 2-weeks after exposure to seek medical treatment that is 99.99% effective in preventing onset of the disease. Since 1995, there have been 43 human fatalities from rabies nationwide, almost all of which were associated with bat exposure. Only one case involved a fox and one case involved a raccoon. *However, it is very important that any exposure of humans or pets to a potentially rabid animal should be immediately reported to the Virginia Department of Health.* For more information please see the [CDC's Rabies website](http://www.cdc.gov/rabies/) and the [Virginia Department of Health's Rabies website](http://www.vdh.virginia.gov/rabies/).

Lawn, Garden, & Marine Supplies

Name: Murphy's Seed Company

Phone: (804) 472-2755

Address: 5005 Coople Hwy, Montross

Comments: Don't just assume because Murphy's is local and small that it can't beat the giant.

I had ordered 2 Personal Watercraft fire extinguishers through Amazon but one arrived damaged. In casually asking Rebecca's recently if she had a marine fire extinguisher she beat them on both **Price** and **Time** to get. Price \$20 plus tax versus Amazon lowest at time of \$28.57 (shipping was free). Third area is the time I had to spend convincing the Amazon supplier that the item wasn't safe to return.

She was able to order from a supplier get the next morning.

Lesson learned: If you are looking for various types of marine supplies ask Rebecca. She has catalog you can look at. She gets the next day (I don't know the cutoff time.) Marine supplies are likely not the only area where Rebecca can deliver. . .just ask

Boat Service/Repair:

Name: Danny Reid
Phone: (804) 758-5450 or (804) 240-2145
Comments: Over the past 10 years, we've been through at least that many thousands of dollars and several mechanics trying to get our old boat in good running condition. No one could figure out the problem, and we had about given up, and then DANNY REID was recommended to us. He is in Remlik, Va. (near Urbana) and is exactly an hour from our place in Cabin Point. I cannot begin to explain the knowledge that this man has about boats. He QUICKLY found the problem with our boat, took the initiative to change a few other things that had been done incorrectly, and didn't charge us an arm and a leg. If you need a mechanic, he's worth the hour's drive.

Name: "No name given"
Phone: [804-453-7541](tel:8044537541)
Comments: We just had our boat repaired by them in a week. Everyone we called said 6 weeks out. We were very impressed with them. They are in Burgess.

Comments: He did a boat lift for us, but is full service docks, stairs, built or repaired. He was very responsive at the time, but I know he was finishing a job in Glebe and could get to me fast vs. having a job across the river or bay and being on the opposite side with equipment. He was also very much less expensive on the lift than competition for the same motor, better gears. Another neighbor contacted him and is using him for lift work.

Name: Curtis K Parsons
