

Hours of Operation: The swimming pool will be open from Memorial Day through Labor Day. Weather permitting, extensions beyond Labor Day will be announced. Unless otherwise modified and posted, the normal pool hours for 2026 are: Monday – Thursday 12 noon to 7:00 p.m.; Friday 12 noon to 8 p.m.; Saturday & Holidays 10:00 a.m.-8:00 p.m. and Sunday 10 a.m. to 7 p.m. The pool will be closed when necessary for maintenance, during storms, and when the outside air is below 70 degrees. Lifeguards will be on duty during normal operating hours, when possible. Please check the Glebe Harbor & Cabin Point Facebook page or the Glebe Harbor & Cabin Point Owners/Residents Facebook Group for closures and announcements. Activities will also be posted on Happenings.

Access: All members of the Sanitary District (SD) have access to the pool. Owners, Associates (people living in the same home as an owner), or Lessees are considered “members of the SD.” At least one person in any group of users entering the pool must present a valid Facility Access Card and vouch for others in their group. Facility Access Cards will be scanned in and the number of people in the group identified. This is for the safety of users, and to allow pool managers to document how the pool is being used so we can predict needs for pool attendants, cleaning, water treatment, and other services.

Admittance: During normal operating hours, admittance to the pool is only through the pool gate, not through the Clubhouse. **A Facility Access Card is mandatory.**

Use at Own Risk: Use of the pool is at risk of the user. The GH-CP Sanitary District and the GHCPA are not responsible for personal injury or for the loss, theft, or damage to personal property resulting from use of any GH-CP SD facilities.

Crowded Conditions: When demand for the pool exceeds safe capacity or related conditions warrant, the following steps may be taken. These are most likely to occur on busy weekends, and on holiday weekends, such as Memorial Day, Fourth of July, and Labor Day.

- pool use may be moderated by extending adult swims, restricting games and the use of inflatables.
- each membership (the set of Facility Access Cards issued to one lot) may be limited to four guests at the pool.
- Further admissions to the pool may be limited or temporarily suspended.

Large Groups: Anyone planning to bring more than 8 guests must make prior arrangements with the Pool Staff at least 48 hours in advance.

Pool Use by Children: For safety reasons, the use of the pool by children under the age of 12 is restricted. Children under the age of 12 must be accompanied by a responsible person at least 14 years old.

Children under the age of 12 may not swim in the deep section (10 ft) of the pool unless they have passed a swimming test administered by the Pool Manager or their designee. A sponsoring adult must accompany the child to the test and must complete an Emergency Contact Information Card for the child.

Children who pass the swim test will be issued a waterproof numbered wristband to wear at the pool as proof of having passed the swim test. The number on the band will be entered on the child's Emergency Contact Information Card for reference in case of an emergency. No child under 12 will be allowed in the deep end of the pool without a wrist band.

Swimmers with Health Issues: Admission to the water will be refused to anyone with skin abrasions, colds, coughs, inflamed eyes, or infections and to anyone wearing bandages. Persons experiencing diarrhea are requested to stay out of the water. Persons with skin problems are requested to stay out of the water while using medication or when suffering from a condition which requires additional covering. Swimmers presenting a written statement from a physician certifying a requirement for specific protective covering while in the water may be granted an exception.

No Glass Containers: No glass containers are permitted in the pool area.

Smoking Permitted in Designated Areas Only: Smoking (including electronic smoking devices) and spitting are not permitted in the Pool Area or Clubhouse.

Courtesy: Cursing, swearing, abusive language, or disrespectful behavior is not permitted.

Bodily Fluids: Children who are not reliably toilet trained must use a clean diaper covered by separate waterproof pants or a disposable swim diaper, all of which must fit snugly around the legs and waist. Expectorating, blowing the nose, and urinating in the pool are prohibited.

Adult Swim: Pool staff may, as needed, establish 10-minute break times or adult swim times during which all children will be required to clear the pool.

Pool Toys and Flotation Devices: Pool Attendants may disallow such articles as rubber balls, inner tubes and toys which may, in his or her opinion, be safety hazards. Wearable life jackets and flotation devices for children must be U.S. Coast Guard approved.

Suitable Attire: Only swimming suits may be worn while in the water. To maintain a safe and family environment, revealing or see-through bathing suits, shorts with rivets and clothing generally considered offensive will not be permitted.

Food: Users may bring and consume their own food and beverages on the pool decks. Food is not permitted in the pool itself, and the sale of food and beverages by individuals is prohibited.

Safe Pool Behaviors: Running, pushing, wrestling, or unduly disruptive conduct is prohibited in or around the pool area.

Drinking Water: The water in the pool restrooms is suitable for bathing but is drawn from an untreated well. Users should bring their own (non-glass) containers and fill them with drinking water in the clubhouse kitchen.

Music: In consideration of others, amplified music or radios with external speakers are not allowed.

Only Service Animals Permitted: No animals or pets, except service animals, are permitted in the pool area

Clubhouse Access: Pool users over the age of 16 and holding a Facility Access Card may enter the clubhouse from the pool deck during normal operating hours or events, but wet bathing suits are not allowed in the clubhouse. Clubhouse use by pool patrons will be on a not-to-interfere basis with scheduled clubhouse activities.

Pool Manager Authority: Situations arising not specifically covered by established rules shall be handled by the Lifeguards and reported to the Pool Manager. The Pool Manager on duty shall have final and conclusive authority to enforce all rules and may ask any person failing to observe them or otherwise conducting themselves improperly to leave.

Organized Events:

- Morning Water Exercise Classes are normally held Monday, Wednesday, and Friday mornings, 9am-10am, and Tuesday, and Thursday mornings 9am-9:45 am. These classes are open to owners, members of their households, and guests.
- Organizers are responsible for checking participants in and out, locking up, and notifying the Office of any problems encountered. Lap lanes are also available during these times.
- Access to the pool is through the back gate, same as normal hours.

Pool Use Outside of Normal Hours of Operation – Morning Swim for Adults:

Owners, members of their households and guests age 18 and older may access the pool through the clubhouse before normal opening hours whenever the clubhouse is open for other purposes. Prior to accessing the pool before the pool's normal opening hours, members must sign a waiver. The waiver will be held on file and will be valid for the 2026 pool season.

Owners who desire to swim unattended before the clubhouse is normally open may check out a clubhouse key for that purpose from the office (804-472-3646.). The key will open the front Clubhouse entrance, and access to the pool will be through the kitchen door.

Users must sign in and out of the pool on the clipboard posted in the kitchen.

The Pool is closed to all users between normal evening closing times and 6AM- for safety reasons and security of the facility, unattended swimming after evening pool hours is not allowed. Violators of this will be asked to turn their key in and privileges revoked.

Pool Rules A/O May 11th, 2026
